RENTAL PERIODS

Our minimum rental period is one day. Weekends are billed at 1.5 times the daily rate. We bill rentals strictly on a time out basis. Hour meter billings are employed when you exceed limits or double shift. Low hour meter readings will not lower your billing. Holidays and weather delays are factored into our rates, meaning the longer

you take possession the lower the daily rate. There are, therefore, no credits for holidays or weather delays.

DAILY MAINTENANCE

You are responsible for all daily needs of the equipment, including greasing, oil and coolant levels. Please check these items upon delivery and before each use. We supply all machines with a full fuel tank; therefore, you will be invoiced for fuel at a fair market rate if not returned with a full tank.

TIRES, RUBBER TRACKS AND PAINT

These items are your responsibility. We will prorate damage or unusual wear at our discretion. Please keep in mind we rent nearly new equipment and even minor blemishes are repaired and billed as damage.

NO SMOKING ALLOWED IN ANY OF OUR EQUIPMENT!

If you smoke in units equipped with a cab, you will be charged for upholstery deodorizing, minimum \$250.
