Saturday's Meeting

This month's meeting will coincide with a Outdoor MotorSports Open House event. Stick around after the meeting and get FREE Billy Burgers on the grill at 11am. We will watch some additional lessons from "Ride Like a Pro" plan for Forgotten Elderly & Christmas Party.

Forgotten Elderly Program

Get ready for this to be the biggest year ever for our program. We have funds to support about 60 folks this year. Kathy Talsma is compiling the names of the seniors needing a bright spot in their lives.

Things will happen a little earlier this year, so we need to be ready to get everything completed on time. The Angel Tree will be up at Outdoor MotorSports on November 20th. If you wish to fulfill one of the needs, please pick an angel off the tree, purchase and wrap your gift and return it to Outdoor MotorSports no later than December 10th.

All of the gift shopping will be done after our Christmas party on Saturday December 5th. Remember these dates, as this weeks rambler meeting will be the last one prior to the Christmas party and shopping extravaganza.

Rambler Elections

Annual elections of officers will be held at our meeting Saturday, Nov 7th. Nominations are open to all members. Lee Schmunk has performed as President and Stan Bahr as Secretary for the last year. Bill Hearne is willing to continue to write the newsletter, function as Treasurer and plan the Ride Calendar. However, should anyone want to assume these duties your leadership would be appreciated. Please give serious thought of taking your turn as an officer. Mitch Moe and Stan James have agreed to share the presidency. Contact Bill Hearne (642-7731) for detailed information.

I would encourage anyone who would like to help guide the Ramblers to express their interest. You will find the experience to be a good one. We need more leadership rather than less.

Winterizing Your Ride

The best and most successful method of winterizing your bike is to not stop riding during the winter months. Even one ride a month will keep things in good shape. However, sometimes this just isn't possible or desired. Prepping your baby for the Winter involves attention to:

Exterior Preparation - Fuel System - Electrical System
 Engine & Cooling System - Tires & Wheels - Storage Location
The team at Outdoor MotorSports are experts at all of this!

Check the ride calendar for additional rides and schedule changes!
